

Why move to Dynamics 365 Business Central?

- **Cloud based:** access your data and systems anywhere, anytime.
- **Keep your costs down:** no server, infrastructure, or expensive hosting costs. Simply pay a per user, per month subscription.
- **Connect your systems:** integrate your business processes and applications to reduce errors, increase efficiency and improve decision making.
- **Integrate with the Microsoft ecosystem:** Business Central integrates with Office, Microsoft 365 and Power BI to improve productivity. You can even do purchase invoicing directly within Outlook!
- **Automate manual processes:** increase productivity by automating repetitive manual tasks.
- **Improve reporting:** access advanced and real time reporting with business intelligence tools like Power BI and Cortana.
- **Flexible solution:** scale up or down as your business needs change.
- **Extend with 3rd party solutions:** streamline the invoice approval and expenses process with automated invoice processing through Continia.
- **Automatic updates:** no more scheduled upgrades and installs. Business Central is also fully compliant with GDPR and MTD.
